

# Remote Eyes® Standalone DVR

4, 9 and 16 camera embedded DVR

The new, economical Remote Eyes Standalone DVR (SARES) features the latest in MPEG-4 hardware compression technology, high resolution recording, remote viewing, and simple operations. Backed by a 3-year warranty, the SARES line provides a new level of affordability and quality in the CCTV industry. SARES is ideally suited for cost-sensitive customers who do not require the advanced software integration and multi-site management capabilities of Odyssey's RES and HIRES lines.
